

Melloni's Illustrated Review of Human Anatomy, 2008, 277 pages, 0521676282, 9780521676281, Cambridge University Press, 2008

This book is a ready reference to help medical and allied health students find the information that they need quickly and easily in an organized display of basic material that students can easily assimilate and retain. The format of the book includes a careful balance of text and illustrations. These two components, textual and pictorial are placed on opposing pages--the text on the left page, the illustrations on the right. Information is grouped into six sections devoted to arteries, bones, ligaments, muscles, nerves and veins. The over 1000 illustrations were methodically planned and rendered with painstaking care. Every anatomical structure described in the text of the book is illustrated.
